A MESSAGE FROM OUR CLUB CAPTAIN

After a challenging but worthwhile 2025 season, the senior playing group can't wait to get stuck into 2026 and have an opportunity to respond.

We have never experienced injuries like we did in 2025, but with injuries came opportunities for many to make their debuts. The development that occurred as a result of this is only going to benefit us moving forward. I am confident in the group that we can get the job done in 2026 and also continue to see success across the entire club.

The entire senior group were proud of the results our junior teams achieved in 2025. Alongside the club as a whole, we place a strong emphasis on our junior programs. In my role as captain, along with the senior leadership group, we ensure strong relationships are consistently being built with all junior coaches and players as we know we will be playing alongside them one day. Having been through the sub-junior and junior programs myself, I know how important they are to the senior success we experience.

We are excited and ready to respond this year, and your support is vital to our pursuit of success.

Join us in 2026.

Brayden Heyward-Ferors - Club Captain
